

SIGNAL GIVEN FOR BIG STRIKE

Industrial War Declared in Great Britain.

LABORITES HIT GOVERNMENT

Premier Asquith Offers to Appoint Royal Commission to Make Investigation, But Plan is Frowned Upon by Union.

London, Aug. 18.—Fifteen hundred telegrams giving the signal for a general railroad strike have been sent to the secretaries of all local unions of the Amalgamated Society of Railway Servants.

James Henry Thomas, M. P., Organizing Secretary for the western district of the Amalgamated Society of Railway Servants, stated that war had been declared.

The Labor members of parliament met in the house of commons and adopted a resolution supporting the railway men in their action and condemning the government for not bringing pressure on the railroad companies to remedy their grievances.

Hope that the strike on all the railroad lines might be avoided was dashed when the representatives of the unions refused to accept the offer of Premier Asquith, who offered to appoint a royal commission to investigate the working of the conciliation scheme of 1907.

The announcement of this offer and its refusal was made after a long conference held by Premier Asquith, Sydney Buxton, president of the board of trade, the managers of the different railroads and the executive committee of the Amalgamated Railway Servants' Union.

This had been preceded by a conference of all the members of the union's executive committee with Ramsay MacDonald, chairman of the parliamentary labor committee. This latter conference was called to give the members of the union executive committee an opportunity of discussing the situation with Mr. MacDonald previous to the meeting with Mr. Buxton.

PEACE NEGOTIATIONS OPENED

Government's Proposal Being Considered by British Strikers.

London, Aug. 18.—In the house of commons Lloyd George, the chancellor of the exchequer, announced that both the railway managers and the representatives of the strikers had reopened negotiations and were considering the government's proposal.

The committee, he said, had not given up hope of arriving at a settlement.

He was allowed to go on promise to pay \$2 per week on the board bill and the costs, \$6.10. The justice gave him till September 9 to pay the bill.

FURNITURE MEN VOTE TO RETURN AFTER 17 WEEKS

Grand Rapids, Mich., Aug. 18.—At a secret mass meeting of the striking furniture workers of Grand Rapids last night, it was voted to call the strike off and return to work.

The meeting was held at Powers' theatre, and although the result has not yet been officially announced, it is stated by those in attendance at the meeting that the vote to return to work was almost unanimous. The strike had been on for 17 weeks and was one of the most determined fights between organized labor and organized employers in the history of the state.

The men demanded a nine-hour day instead of ten, 10 per cent increase in wages and the recognition of the union. The employers declined to concede any of these points, setting up the claim that it would be impossible to grant an increase in wages until all furniture concerns throughout the country saw fit to make the same advance.

William B. McFarlane, of Buffalo, international organizer for the National Brotherhood of Carpenters and Joiners, was in charge of the men. The manufacturers formed an association and it is alleged put up \$10,000 each as a pledge that they would stick together.

The strike involved about 6,000 men, including six unions, cabinet makers, trimmers and furniture packers, machine hands, finishers, upholsterers and wood carvers. The three former were united as carpenters and joiners. During their idleness the men lost three times what the benefits came to, or close to a half million dollars in wages. The losses to the manufacturers cannot be estimated. It is millions.

The act of the strikers in calling off the strike was directly due to the fact that the national body failed to send further strike benefits, it is said.

During the 17 weeks of strife, eight of the 50 plants made terms with the men on a nine-hour day and 10-hour pay basis.

The manufacturers promise their old men better pay as soon as possible, about Jan. 1. The workmen call off the strike with the belief that better hours and pay will follow the long, fruitless fight.

Ann Arbor, Aug. 18.—Attorney A. J. Sawyer, Sr., dean of the Washtenaw county bar, is dead at his home here after a lingering illness due to kidney trouble.

DIGESTORS WILL BE RUNNING AGAIN AFTER TWO WEEKS

No further fatalities have resulted as a consequence of the explosion, which took place at the plant of the Detroit Reduction company at French Landing on Wednesday. The management has not determined upon the precise cause of the accident. The most tenable theory seems to be that there may have been some such substance as dynamite in the refuse brought from Detroit. Two of the twenty digestors at the plant are wrecked. One blew up and in doing so damaged another.

The grounds are nearly cleaned up and within two weeks it is thought that the two digestors will be again in place and the business running as before. The men who were injured will all recover.

AVIATORS HURL BOMBS OF FLOUR

Mock Aero-Naval Battle Is Held in Chicago.

TARGET DIAGRAM OF WARSHIP

Motor Boat Patrol to Aid Aviators in Case They Fall into Lake—Reward for Lost Biplane—Furnerals of Aviators.

Chicago, Aug. 18.—A mock aero-naval battle at Grant park gave Chicago her first opportunity to judge the aeroplane's usefulness in war.

Soaring high in the air the aviators hurled projectiles at the diagram of a battleship marked out, turrets and all, upon the ground at the aviation field. The bombs thrown, instead of being filled with explosives, contained flour. Striking the ground, they burst in a white cloud that resembled an explosion and also marked the spot of contact. In this way the percentage of accuracy which can be attained at various heights was gauged.

In order to add to the safety of aviators forced to descend to the lake, or who might fall into the water, a motor boat patrol was placed on duty by Captain J. C. Cantwell of the United States revenue cutter Tuscarora. Captain Cantwell was assigned to patrol the lake to aid any aviator who might meet with an accident.

Fast power boats from the fleet of the Columbia Yacht club were placed at his service, and the stretch between the Van Buren street gap and the four-mile crib will be carefully guarded.

A reward of \$50 was offered by the meet association for anyone who discovers the location of Lee Hammond's Baldwin biplane, which plunged into the lake and sank on Monday. Hammond escaped uninjured, but has been unable to find a trace of his missing machine. The meet association will raise it, providing it can be found, and offers the reward in the hope that fishermen and power boat men will be induced to search for it.

A committee composed of Charles E. Bartley, Frank E. Scott and D. B. Griffith was appointed by the meet association to attend the funeral of St. Croix Johnstone, the aviator who was killed on Tuesday. The association also sent elaborate floral pieces, and flowers were also sent to Pittsburg, where the funeral of William Badger was held.

ATWOOD GETS TO CLEVELAND

Cleveland, O., Aug. 18.—Harry N. Atwood arrived here in his biplane flight from St. Louis to New York at 4:32 p. m. He passed the night here. Atwood left Toledo at 10:29 a. m., starting from a high altitude. Despite a cloudy sky and a spatter of rain, Atwood got away like a bird and was soon skirting along the edge of Lake Erie, going at high speed and following the Lake Shore railroad. Atwood arrived at Sandusky at 1:32 p. m. and set out for Cleveland, keeping along the lake shore.

ANN ARBOR MAN MAKES A NOISE LIKE TEDDY R.

The following clipping was taken from the Crawfordsville Journal, published at Crawfordsville, Ind., under date of Aug. 15 and will interest friends in this vicinity:

"Members of the hotel force at the Crawford House, were somewhat distracted last night when a man walked in the lobby who to all appearances was the Hon. Theodore Roosevelt. A great many of the usual crowd in the hotel as well as the traveling men all gathered around and insisted that the man was the ex-president when in reality he turned out to be a traveling man. His name is H. C. Coe, and he is one of the jolliest traveling men that has struck the city for some time. Mr. Coe is traveling for the Newton & Haggerty Ladder Company of Ann Arbor, Mich. The genial traveling man says that he has a great deal of amusement out of the resemblance wherever he goes. Mr. Coe has traveled extensively and says that half the people call him 'Teddy.' The crowd at the hotel amused themselves by calling in all their friends to see 'Teddy.' Besides looking like Teddy it might be parenthetically stated that Mr. Coe is a good advertiser."

EXPECT ARRESTS SOON

Pennsylvania Governor Hot on Trail of Lynchers.

Members of Coatesville Mob to be Punished, Even if They Are Prominent Citizens.

Harrisburg, Aug. 18.—Governor John K. Tener has told District Attorney Robert S. Gawthrop, of Chester county, that the men responsible for the lynching of Zach Walker at Coatesville last Sunday night must be arrested and brought to justice. The governor had the situation at Coatesville canvassed by officers of the state constabulary and made it plain to the prosecutor of Chester county that he must arrest the men who are to blame, no matter what their station in life.

The governor also informed the district attorney that the state police of almost 200 trained men would stand behind him in doing his duty and that if necessary he could depend on a couple of regiments of the state militia. An offer of assistance from the attorney general's department was also made.

District Attorney Gawthrop announced, after a conference, that he had agreed to work in unison with the attorney general's department and the state police and left for home. Arrests of prominent men in Coatesville are expected within 24 hours.

ANN ARBOR WINS AT GOLF

LOCALS LOSE BY SMALL MARGIN IN GAME THURSDAY AT ANN ARBOR.

The third in a series of golf matches between Ypsilanti and Ann Arbor teams was played on the Ann Arbor links Thursday afternoon and was won by the latter team by a fair margin. Ann Arbor won two out of three games. There were eighteen players on a side and each team put up a good game. An excellent supper was served the visitors before their return home.

On Saturday a Detroit golf team will play Ypsilanti on the home links. The game will be played at 2 o'clock. Considerable interest is taken as this is the first time Ypsilanti has met the Detroit players.

The Ypsilanti men who played were John Deibel, Fred S. Horner, Arthur Sullivan, Henry Platt, Cyril Lewis, Duane Spalsbury and Elmer Allen.

CHINA DEMANDS BIG INDEMNITY

Asks Mexico for Damages for Personal and Property Loss.

\$32,300,000 IS SUM SOUGHT

Shung Ai Sune, Chinese Charge d'Affairs, Says Claim Will Be Paid Soon—Oppressions of Celestials Continue.

El Paso, Aug. 18.—China has officially demanded \$32,300,000 (Mex.) from Mexico for the damage done to the property and persons of her subjects during the late revolution.

Shung Ai Sune, Charge d'Affaires in Mexico for China, is very positive that the claim is going to be paid. "China must be paid," he said.

Mr. Sune says the Chinese claims will be paid within three months. He has talked with President De La Barra and also with Madero. Both have agreed to use their best efforts in having the claims awarded. The payment of \$100,000 per head is a bit above the market price for Chinese persons as rated on the unofficial market of the border smugglers, but that is what the Chinese government is demanding.

Simultaneously with the arrival here of Mr. Sune, comes the information from Torreon that the persecution of the Chinese has not stopped. A special from Torreon says:

Repeated raids are made on the lower Chinese gardens by people of the lower classes, who take with them carts, which they fill with the choicest vegetables. If the Chinamen on guard shows any curiosity he finds himself looking down the barrel of a pistol. For this reason many Chinese have refused to work and the gardens are being rapidly depleted. This will produce a vegetable famine shortly.

He was found guilty and required to pay the costs, \$7.62.

SMITHS GATHER FOR THEIR FIRST FAMILY REUNION

The first reunion of the Smith family was held at the home of C. W. Smith Thursday, August 17th. Seventy direct descendants of the late William Smith of Lincolnshire, England, were present. At noon an elaborate dinner was served on the lawn under a large tent and after dinner a short business session was held.

Wm. H. Smith was elected president and Mrs. Caroline Colby, secretary and treasurer.

C. W. Smith gave an interesting history of the Smith family which was greatly appreciated by all. Several musical selections were given, both vocal and instrumental.

The most interesting feature of the day was a ball game. The young Smiths played against the old Smiths which resulted in favor of the former. Guests were present from Detroit, Toledo, Lapeer, Milan and Ypsilanti.

At five o'clock ice cream and cake was served, after which many good byes were said and all departed for their various homes to meet again next year with Mr. and Mrs. Jessie Smith of Denton.

WOOL BILL IS NIPPED IN BUD

President Vetoes It in Special Message to House.

LACKS INFORMATION UPON IT

Indication is Clear That President Taft Will Veto Every Tariff Bill That Comes To Him Before December.

Washington, Aug. 18.—President Taft sent to the house of representatives a special message vetoing the wool bill enacted through the Democratic-insurgent combination.

The president, as has generally been predicted, vetoed the bill on the ground that he has no scientific information on which to act. The president indicated clearly enough that he will veto every tariff bill sent to him in advance of a report by the tariff board. His message ought to help clear the situation in congress. The president said in his message:

"I was elected to the presidency as the candidate of a party which in its platform declared its aim and purpose to be to maintain a protective tariff by 'the imposition of such duties as will equal the difference between the cost of production at home and abroad, together with a reasonable profit to American industries.' I have always remembered this language as fixing the proper measure of protection at the ascertained difference between the cost of production at home and that abroad, and have construed the reference to the profit of American industries as intended not to add a new element to the measure stated or to exclude from cost of production abroad the element of a manufacturer's or producer's profit but only to emphasize the importance of including in the American cost a manufacturer's or producer's profit reasonable according to the American standard."

The president reviews the history of the movement for the creation of the tariff board: "In order to show that the real advance and reform in tariff making are to be found in the acquiring of accurate and impartial information as to the effect of the proposed tariff changes under each schedule before they are adopted and further to show that if delay in the passage of a bill to amend schedule K can be had until December, congress will then be in possession of a full and satisfactory report upon the whole schedule."

The president says: "If ever there was a schedule that needed consideration and investigation and elaborate explanation by experts before its amendment, it is schedule K."

SENATE PASSES COTTON BILL

Several Amendments by Democratic Senators Are Voted.

Washington, Aug. 18.—The senate passed the house cotton bill with certain amendments proposed by the Democrats. Among the amendments adopted was one by Senator Bacon, revising the iron and steel schedule.

Other amendments adopted were by Senator Watson of West Virginia, reducing the duty on coal; by Senator Reed of Missouri, reducing all duties in the Payne bill to 30 per cent; by Senator Simmons of North Carolina, putting machinery used in the cotton industry on the dutiable list at 30 per cent and by Senator Overman, revising the chemical schedule to reduce duties on chemicals used in the cotton manufacturing industry.

AN HONOR TO THE GOVERNOR.

A report is being circulated now amongst the politicians that the saloon interests are quietly at work, endeavoring to prevent the people from renominating Governor Osborn for a second term. It seems to have ranked in the breasts of the brewers and liquor dealers, generally, that the governor is unfriendly to the liquor interests, because of the following statement contained in his inaugural message:

"The saloon of today is a social squalor. Always it has been a breeding place of lawlessness and a culture ground for vice. So arrogant had it become, that government by saloons and rule by breweries was the practical condition. The candidate who did not bow to the joint keeper, and the local official who did not recognize the political power of alcohol, as manifested through low groggeries, were in a fight all the time to save their political lives."

But, however this may rankle in the breasts of the liquor trade, we are disposed to believe that, in the minds of every law-abiding citizen, a feeling of friendship for a governor who had the moral stamina to tell the truth as he saw it about this business in his inaugural message, is a quality which they will honor him for and will give him many more votes than it will lose him votes. And we doubt whether any Republican or Democrat will have the courage to go before the people on that issue, if the only excuse he can give for being elected himself in place of Governor Osborn is the governor's attitude on the saloon question. He is not likely to poll many of the votes which would naturally and regularly go to Governor Osborn.

"WHAT IS SOCIALISM?"
(Continued)

Within the week two conspicuous side-lights on the questions involved are reported: 35,000 laborers with 30 bands meet in Trafalgar Square, London, to express their joy at the successful ending of a strike there; and 11,000 miners are on a strike at Monterey, Mexico, the chief grievance being that they were so poorly paid that they had to live on Tortillas while the foreigners in the camp ate white bread."

The concluding chapter in this instructive book by Mr. Kaufman is devoted to the subject, "The Cooperative Commonwealth," and as a basis for this sermon the author takes the following text: "For even when we were with you, this we commanded you, if any man would not work, neither should he eat."—St. Paul: 2 Thessalonians 3:10.

The author says, "I shall be dogmatic only upon points whereon the greater number of Socialistic writers are in agreement."

Foundation.
"Broadly speaking, the Socialist State must, according to these writers, be essentially democratic; the creation of the majority, it must naturally be the ultimate of republicanism."

"Society, says the Socialist, is composed of closely united individuals, of a legion of units, each unit having its rights as a unit, and each unit having its duties as a portion of the total. It is the result, in other words, of a double contest, every individual struggling on the one hand for his own freedom and development, and working, on the other, for association with his fellows. The object of the Socialist State would thus be the establishment of a more or less perfect harmony between the liberty of the one and the welfare of the many."

"It will at once be observed that the Socialist neither presupposes the individual equality of all mankind nor desires a body of paternalistic law that would be without that recognition of personal freedom which is the fundamental theory of democracy. Many romancers, and one or two philosophers, overlooking this condition, have, of course, painted the Cooperative Commonwealth as a state wherein all men would be made equal by force of statutory restraints, a state to which any thinking man—Socialist or non-Socialist—would infinitely prefer absolute monarchy; but the Scientific Socialist simply recognizes the impossibility of perfect liberty in imperfect humanity, sees that, as Mill has put it, the liberty of the many—though that alone—must circumscribe the liberty of the one, and seeks as his ideal government that system which shall grant the greatest amount of freedom for the benefit of the individual with the least amount of restraint for the benefit of society."

"All men, from this point of view, are alike both in their individual needs of food, clothes and shelter, and their social needs, cooperatively satisfied, of protection, production and distribution. But all men, from this point of view, are unlike in character, tastes, intellectual ability, spiritual

strength and physical efficiency. The most, therefore, that a democracy can give them—the provision that it should guarantee them—is an equality of opportunity to work at such tasks as best suit each worker to receive the full value of his product. Governmental sacrifice cannot make individual equality; but it can and should so provide that every man be rewarded in equal proportion for the work, whether great or small, that it calls upon him to perform; it can and should grant equality of opportunity for the ultimate development of the variously endowed or hampered individuals that have created it, and that it controls; and it can and should insist upon an equality of obligation among those individuals to the body of society at large."

POPE STILL IMPROVING

APPETITE INCREASES AND HE IS
ABLE TO WORK AT
HIS DESK.

Rome, Aug. 18.—The Pope appeared to be considerably better. He got up at eight o'clock and sat at his desk and attended to business. Afterwards he received Cardinal Merry Del Val, the papal secretary of state. The pontiff's appetite is increasing and the doctors say he is progressing steadily. They will soon cease their daily visits.

TAKES LIFE AFTER SPREE

James Arbuckle, "Man of Mystery,"
Commits Suicide at Lowell.

Hammond, Ind., Aug. 18.—James Arbuckle, fifty years old, said to be a scion of the wealthy Arbuckle family, which made its fortune in the coffee business, committed suicide at Lowell by shooting himself. On his person were found a photograph and letters indicating a love affair with Mary Williams, a Chicago nurse, who is at Lowell visiting her uncle, James Black, trustee of Cedar Creek township. She denies having had any relations with the man.

Arbuckle, who was a bachelor, was a man of mystery to Lowell people, although he had worked on the surrounding farms for twelve years.

Rostand's Injuries Serious.

Blarritz, France, Aug. 18.—The condition of Edmond Rostand, who was severely injured in an automobile accident near here, continues serious. The dramatist was held beneath the wreckage of the overturned machine for some time, receiving painful injuries on the head and body as well as being injured internally, it is feared.

WILL CLEAN VICE DISTRICT

GARY POLICE START IN TO IMPROVE MORAL HEALTH OF THE COMMUNITY.

Gary, Ind., Aug. 18.—A crusade against vice of all kinds in the district known as the "Black Belt" will be started at once by the Gary police.

The district has been the cause of much trouble to the police, as proprietors of illegal houses are informed by spies of moves of the police, who have been unable to make arrests. A clean-up has been ordered by J. D. Martin, chief of police.

MURDERER IS DEAD

Man Who Slew Mrs. George Dies of Self-Inflicted Wound.

Brazil, Ind., Aug. 18.—Salin Albert is dead as a result of a bullet wound, self-inflicted the day he murdered Mrs. Toney George. He shot Mrs. George five times and then shot himself twice.

Mrs. George lingered about a day before she died and Albert was a week. Albert wanted Mrs. George to desert her husband, a Syrian who recently came here, and elope with him, but she refused.

Hurt By Exploding Pop Bottle.

Mr. Vernon, Ind., Aug. 18.—While placing pop bottles in a tub of ice at the fair ground, Charles Carr, aged fourteen, was badly injured by the explosion of one of the bottles. His right eye was cut by the flying glass. The lad was taken to an Evansville hospital.

Poisoned by Mistake.

Fond du Lac, Wis., Aug. 18.—Mistaking cyanide of potash for medicine, Nathaniel W. Sallade, a prominent business man, swallowed the poison and died.

He Trained Behind.

An Episcopal bishop in a New England state was the guest of a friend. The bishop conducted the services Sunday morning, and seemed much irritated by the fact that his friend in the body of the church was always about five words behind the rest of the congregation during the recital of the Apostles' Creed. At dinner that afternoon the eminent divine turned suddenly to his host and asked, with some asperity: "John, why can't you descend into hell with the rest of the congregation?"

MICHIGAN BRIEFS

GUILTY OF MANSLAUGHTER

Electrotyper Convicted of Killing
Former Grand Rapids Druggist.

Grand Rapids, Mich., Aug. 18.—After deliberating for five hours, a jury in the superior court, found Louis Benkert, a young electrotyper, guilty of manslaughter, in connection with the death of Bertel Jonker. The victim died following injuries received in a fight in a local lodging house. The only witness to the affair was the wife of the accused man, who could not be used as a witness against him. The evidence was largely circumstantial, and a verdict of acquittal was generally expected.

Jonker, a few years ago, was a well-to-do druggist and real estate owner here. After he had accumulated a fortune, he took a trip to the old country, to visit his parents and friends of his childhood, in Holland. A few years ago his wife was granted a verdict of separate maintenance from him. Mrs. Benkert, who is said to have been the cause of the quarrel which resulted in the tragedy, was a graduate of Vassar college, and formerly a woman of refinement.

LAUNCH OWNERS SUFFER

Inspectors at Sault Ste. Marie Assess
\$2,200 in Fines.

Sault Ste. Marie, Mich., Aug. 18.—The revenue cutter Mackinac, Capt. Scott, has returned from a tour of inspection for the past ten days at the Les Cheneaux Islands, where owners in the district will have to forfeit something like \$2,200 in fines for not complying with the law relative to signals, lights and pilot laws.

The Vigilant is now at the same place continuing the inspection, and without doubt more launch owners will be fined. Few of those who have been reported to the Marquette office and who will be compelled to forfeit fines are Michigan residents.

INSANE PATIENT DIES

Man With Mania For Swallowing
Stuff Tries Liquid Creosote.

Kalamazoo, Mich., Aug. 18.—Following an attendant into a storeroom, William Hamlin, thirty-six, an inmate of the Michigan State hospital, secured a bottle of creosote disinfectant and swallowed the contents, dying two hours later. Hamlin was admitted to the institution from Monroe county seven years ago. Nothing is known of his family connections. He was possessed of a mania for swallowing anything he could procure, not stopping at tobacco quids, cigar stubs, potato peelings, etc.

BALL KILLS PLAYER

Runner Is Struck Fatally While Trying to Make Home Base.

Davison, Mich., Aug. 18.—Attempting to score from third on an infield hit, Lawrence Burton was struck near the base of the skull by a baseball thrown by Third Baseman Branch of the Otseville team. He was dead when the players reached him. Burton was only a few feet from the baserunner when he scooped up a ground ball and hurriedly threw home. Burton was a farmer twenty-four years old.

Drowns in Sight of Crew.

Saginaw, Mich., Aug. 18.—After eating a hearty dinner, Walter Adams, twenty-eight years old, a deck hand on the barge Miami, went in swimming and was drowned at the foot of Monroe street. He had crossed the river and was within a few feet of the vessel when he called for help. Four life preservers were thrown to him, but he was unable to aid himself, sinking in sight of the crew.

Muskegon Loses Rental Fight.

Muskegon, Mich., Aug. 18.—Muskegon lost the first move in the fight against the Muskegon Traction and Lighting company for rental of street space in Lake Michigan park. Judge Sessions ruling that the city could not lease the right of way to Mrs. C. J. Sheon without consent of abutting owners.

Catches Grey Wolf in Trap.

Sault Ste. Marie, Mich., Aug. 18.—When "Jack" Blain went to his traps on the Pine river he found a huge grey wolf in one. Blain shot the animal. The wolf measured six feet six inches in length and was one of the largest ever killed in this section.

Says He Sold Son Liquor.

Marshall, Mich., Aug. 18.—Geo. Donaldson has instituted suit in the circuit court against Joseph Gramer, owner of the local brewery, for \$3,000. He alleges that he sold his minor son, Elgin, liquor.

M'NAMARAS' TRIAL COSTLY.

Nearly Quarter Million Dollars Will Be
Spent Determining Their Guilt.

Seven months will be the elapsed time and \$225,000 the cost to the county of Los Angeles, Cal., of the trials of J. J. and J. B. McNamara, alleged dynamiters, it was estimated by attorneys on both sides. The cost of the defense will be about \$400,000.

The above figures are based on a presumption that no appeal will ensue. If an application to the higher courts is made the cost may run over \$700,000 for both sides. The cost of the case to the county will include the per diem pay of jurors, the grand jurors and their expenses, the pay of scores of witnesses and their expenses, the salaries of the district attorney, three deputies, county clerks, bailiff and assistants and the court stenographer. William J. Burns' fees for his work will be well over \$20,000, it is estimated.

CURIOUS BITS OF HISTORY

By A. W. MACY.
THE FIRST STEAMSHIP TO CROSS THE OCEAN.

The first steamship to cross the Atlantic was the "Savannah," built in New York and commanded by Captain Moses Rogers. She was a combined sail and steam vessel, "a full-rigged ship of about three hundred and fifty tons burden, with a low-pressure engine of eighty or ninety horse-power." She was a fast sailor, but could make eight knots an hour with her engine alone. She left Savannah, Georgia, (where she was owned) May 25, 1819, and arrived at Liverpool twenty-two days later. When first sighted she was reported as a ship on fire, and a vessel was sent to her relief. As she approached the city the shipping, piers, roofs of buildings and all other available spaces were crowded with excited people, anxious to get a glimpse of the wonderful ship. She remained twenty-eight days at Liverpool, during which time many people from London and elsewhere came to inspect her. She then visited Copenhagen, Stockholm, St. Petersburg and other cities, everywhere exciting the wonder and admiration of thousands.

From St. Petersburg she returned to Copenhagen, and then proceeded to Arendal, in Norway. From the last named place she returned to Savannah, this time requiring twenty-five days for the passage.

GLORIOUS HAIR

To Possess it Every Woman Must
Get Rid of Dandruff.

Dandruff is caused by germs; these germs dig into the roots of the hair and voraciously devour the nourishment that nature intends the hair to have.

Allow these destructive and persistent little devils to keep feasting and soon the hair of any person will lose its natural life and lustre, will fade, turn gray and fall out.

A fifty cent bottle of Parisian Sage (now sold all over America) will kill more dandruff germs than any other known agent.

It is guaranteed to banish dandruff, stop falling hair and itching scalp, or money back. Sold by Duane Spalsbury and druggists everywhere.

WOMEN
MAY AVOID
OPERATIONS

By taking Lydia E. Pinkham's
Vegetable Compound

The following letter from Mrs. Orville Rock will prove how unwise it is for women to submit to the dangers of a surgical operation when it may be avoided by taking Lydia E. Pinkham's Vegetable Compound. She was four weeks in the hospital and came home suffering worse than before.

Here is her own statement.

Paw Paw, Mich.—"Two years ago I suffered very severely with a displacement. I could not be on my feet for a long time. My physician treated me for seven months without much relief and at last sent me to Ann Arbor for an operation. I was there four weeks and came home suffering worse than before. My mother advised me to try Lydia E. Pinkham's Vegetable Compound, and I did. Today I am well and strong and do all my own housework. I owe my health to Lydia E. Pinkham's Vegetable Compound and advise my friends who are afflicted with any female complaint to try it."—Mrs. ORVILLE ROCK, R. R. No. 5, Paw Paw, Michigan.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

For thirty years it has been the standard remedy for women's ills, and has positively restored the health of thousands of women. Why don't you try it?

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address:

Life Beyond Death.
If we can say with Seneca, "This life is only a prelude to eternity," then we need not worry so much over the fittings and furnishings of this ante-room, and more than that, it will give dignity and purpose to the fleeting days to know that they are linked with the eternal things as prelude and preparation.—Minot J. ROWDYS NOT WANTED.

McAleer Would Fire Man Who Did Not Act Like Gentleman.

Although he was none too gentle in his treatment of umpires or fans in his ball playing days, Manager McAleer of the Washington Americans is working with all his might and main to help along Ban Johnson's millennium plans.

McAleer has very pronounced ideas as to the value of courtesy, decency and exemplary conduct as financial and artistic assets on a ball team, and about the only time he is severe with one of his men is when this man offends somebody who may be willing to give up a half dollar to see McAleer's boys play ball.

"The days of the rowdy and of the tough on the ball field are over," said McAleer. "I'd fire a man off the team as quick for forgetting to remember that he was a gentleman as I would if he broke one of the established rules of the game."

Lajoie and Cobb Pick Best Pitchers.

Larry Lajoie picks these pitchers as the best in the American league: Ed Walsh, Walter Johnson, Russell Ford, Jack Coombs, Chief Bender, Eddie Plank, Joe Wood, Barney Peitz, George Mullin, Bill Donovan, Ray Fisher and Frank Lange.

Ty Cobb names as the best twelve pitchers: Russell Ford, Joe Wood, Walter Johnson, Cy Young, Ed Walsh, Eddie Karger, Bob Groom, Dolly Gray, Vean Gregg, Harry Krause, Ray Fisher and Jimmy Scott.

ALL INSURANCE POLICIES ARE NOT OF EQUAL VALUE
ALL INSURANCE COMPANIES ARE NOT EQUALLY SAFE -- AND HONEST

ALL AGENCIES DO NOT REPRESENT THE BEST COMPANIES

THIS WAS MADE PLAIN IN A FINAL BULLETIN GIVEN OUT YESTERDAY CONCERNING THE DETROIT INDUSTRIAL HEALTH AND ACCIDENT COMPANIES WHICH HAVE BEEN BEFORE THE INVESTIGATING COMMITTEE OF THE NATIONAL CONVENTION OF INSURANCE COMMISSIONERS, WHICH FINISHED A THREE DAYS HEARING WEDNESDAY AFTERNOON. THE DETROIT FREE PRESS IN ITS REPORT OF THE INVESTIGATION SAYS:

"The Standard Accident Insurance Co. was the only Detroit organization to go unscathed through the fire of the investigation. It even received words of praise.

"Speaking of the Standard, the committee said: 'The examination of this company failed to develop any of the criticized conditions or tendencies previously given to the public by the committee. The policy of this company is to make prompt and full payment of all legitimate claims against it. None is rejected except for good and sufficient reasons in doubtful and disputed cases. The company endeavors to avoid litigation. Its treatment of its policy-holders is such that it is fully entitled to the confidence of the insuring public.'

"The Standard's industrial health and accident department is only a part of the organization. It is reported that on this business it has made but little money."—Detroit Free Press, Friday, Aug. 18th, 1911.

The fact that a Company is admitted to do business in the state does not prove that its policies are safe. If Ypsilanti should burn, THE HARTFORD FIRE INSURANCE COMPANY, OF HARTFORD, alone would pay out in losses more than the amount any fire company is required to deposit with the state for the protection of policy holders.

THIS AGENCY REPRESENTS NONE BUT THE BEST COMPANIES FOR THE DIFFERENT LINES OF INSURANCE.

If you have a LIFE policy issued by the NEW ENGLAND MUTUAL LIFE INS. CO. of Boston, Mass., or an ACCIDENT or SICK and ACCIDENT policy issued by the STANDARD ACCIDENT INS. CO. of Detroit, Mich., or a BOND issued by the NATIONAL SURETY CO. of New York, or a FIRE policy issued by the HARTFORD FIRE INS. CO. of Hartford, or the AETNA of Hartford or the NATIONAL of Hartford, or the NORTH AMERICA of Philadelphia, you will receive, in case of loss, every cent your policy calls for, with a fair and honest adjustment and you will not have to hire an adjuster or a lawyer to see that you get your money.

THIS AGENCY REPRESENTS THE ABOVE AND OTHER OF THE BETTER COMPANIES.

June 6th, 1909.

Dear Sir—I am very much pleased to tell you that your medicine has effected what no other medicine has done, a cure. I have had rheumatism for forty years, suffered terrible pain, could not put one leg over the other without taking hold and lifting. My legs today are just about as good as they were when I was twenty-five. I certainly recommend it to every sufferer from rheumatism. Yours,
